

## Tracking your boat on the race course with replay

If your Cell Phone tracker on "Your Boat" is TURNED ON during the race, Jibeset.net will track it in real time.

The tracker can be turned on any time before the start of the race and turned off any time after the race.

if you are using the Traccar App on a Cell Phone, for best results use the the following settings:

**Iphone:** Traccar Location Accuracy --> High, Traccar App -> ON, Allow Traccar App to use Location Services

**Android:** Setting --> Location --> Mode --> High Accuracy, Traccar Location Accuracy --> High, Traacar App --> ON ,Allow Traccar App to use Location Services

The Server url is <http://www.sfbayraces.com>

Tracks from the Race can be viewed in real time at: [www.jibeset.net/tv.php](http://www.jibeset.net/tv.php)

WARNING:- If you are using the Traccar App, when you are not racing and the App is on, your position is recorded as a pleasure sail and can be seen by all at: [www.jibeset.net/daysail.php](http://www.jibeset.net/daysail.php)

Traccar Client app for mobile phone.
